("Aura Minerals" or the "Company" or the “Borrower”) (NASDAQ: AUGO | B3: AURA33) announced today that it has entered into a syndicated loan facility (the "Loan"), in the aggregate principal amount of US$ 200,000,000.00 (two hundred million dollars), as borrower at the holding company level.

Securing this Loan at a SOFR + 2.70% reflects our operational momentum, robust cash generation and disciplined growth strategy. At Aura, our approach to capital allocation remains balanced and consistent — combining prudent liability management with continued investment in our growth pipeline, while maintaining the financial discipline that has defined our track record.
