SARASOTA, Fla., Nov. 09, 2026 (GLOBE NEWSWIRE) -- Trump Media & Technology Group Corp. (Nasdaq, NYSE Texas: DJT) ("TMTG" or the "Company"), operator of the social media platform Truth Social, the video streaming service Truth+, and the financial services and FinTech brand Truth.Fi, is announcing its financial results for the fiscal quarter ended on September 30, 2026.

TMTG closed the third quarter of 2026 with total assets of $2.5 billion and financial assets* of approximately $2.3 billion comprising cash, restricted cash, short-term investments, equity securities, note receivable and accrued interest, digital assets, and digital assets pledged.

Bolstered by its strong balance sheet, the Company believes it is well positioned to achieve its key strategic priorities, including:

- Completing its proposed merger with TAE Technologies, Inc. ("TAE") in the fourth quarter of 2026, subject to customary regulatory and closing conditions, including approval by TMTG shareholders;
- Implementing a more disciplined institutional management approach to the digital asset component of the Company's treasury framework to preserve long-term strategic exposure while managing volatility and improving the productivity of its balance sheet;
- Continuing to enhance the Truth Social and Truth+ platforms;
- Scaling its marketing strategy to leverage the total addressable market for Truth Social and Truth+; and
- Monetizing its proprietary assets via long-term data licensing product offerings.

TMTG filed a registration statement on Form S-4 with the U.S. Securities and Exchange Commission ("SEC") on September 30, 2026, in connection with the proposed merger with TAE, with amendments filed October 28 and November 3, 2026. The SEC declared the registration statement effective on November 5, 2026, a key milestone toward completion of the merger. TMTG has filed a definitive proxy statement/prospectus and will hold a special meeting on December 14, 2026 (as may be postponed or adjourned from time to time) for shareholders of record as of November 2, 2026 to vote on merger-related matters. Completion of the merger remains subject to required shareholder, stockholder, and regulatory approvals and other closing conditions. In October 2026, TAE drew the remaining $100.0 million available under its amended and restated convertible promissory note with TMTG.

The Company posted $3.0 million in revenue in the third quarter of 2026, up 205% from $1.0 million in the third quarter of 2025. Revenue growth was primarily driven by $1.8 million of subscription growth in the Media segment from Truth API, TMTG's first data licensing product, which launched on August 1, 2026, and Truth+, along with $0.2 million in management fees from Truth.Fi ETF offerings.

With legacy legal matters now resolved, legal fees declined to $2.4 million in the third quarter of 2026 from $20.3 million in the third quarter of 2025.

"We've remained committed to capitalizing on our business fundamentals, and that focus is paying off," said Kevin McGurn, Interim CEO of TMTG. "Revenue grew 205% year-over-year on recurring subscription revenue, our cost structure is inherently leaner, and our balance sheet gives us real flexibility. With our S-4 effective and our special

meeting set for December 14th, we are advancing an exciting new chapter for our shareholders. Our commitment to building independent, uncancellable media technology remains unwavering, while TAE's groundbreaking innovations represent an extraordinary opportunity to advance American energy independence. Both reflect the power of American innovation and our commitment to creating long-term shareholder value."

The Company reported $409.7 million of net income for the third quarter of 2026. The bulk of net income reflected non-cash items, including net realized and unrealized gains on digital assets, digital assets pledged, and equity securities ($496.1 million), partially offset by realized and unrealized loss on derivatives ($54.0 million), accreted interest expense ($11.9 million), stock-based compensation ($9.4 million) and investment expenses ($4.0 million), resulting in $12.3 million of Adjusted EBITDA* loss. For the nine months ended September 30, 2026, the Company used $28.4 million of cash in operating activities, primarily driven by legal expenses tied to the recently concluded legacy legal matters.
